

// FDB/SA - THIN-BED PROFILES MADE OF HARD-SOFT PVC
with narrow support leg

Item-no.	FDB-SA
Product group	Tile Trim / Thin Bed Movement Joint Profil
Height	8 / 10 / 12.5 mm
Length	250 cm
Material	Side parts made from PVC-U (= polyvinyl chloride-hard) Infill is made from elastic PVC-P (= polyvinyl chloride-soft)
Surface	light grey (similar RAL 7035)
Properties	Coextrusion
Fire resistance in accordance to DIN 4102-T1	B1 (difficult-flammable)
Load bearing	15 N/mm²
Hardness	Shore A 65 +/-5
Temperature resistance	up to approx. 65°C
Chemical resistance	In general constant in regard to salt solutions, concentrative acids and bases, chlorine and ozone and good resistance to light and weathering
